

Departure is inevitable,
Memories & learnings will not fade,
My mentor, my senior,
Saw the corporate circle with you
as a naive from college.

Your brotherly guidance & suggestions,
let me overcome my dilemmas.

Thanks for your patience
bearing my obstinacy at times,
making me mellow over time.

Our discussions still in my mind,
hope for 9ks sustenance in the coming times
Virtual may have an impact,
I believe it'll be momentary
thus not too much.

over the years,
Turbulent, Soft, tough times we had,
strengthened our bond!
I know, you know that we know,
each other a lot!

You had my back,
a fail safe sort of.
Now, I need to step up,
And I feel confident for that.

We'll be far for the time being,
But you are near IN here.
Merci Beaucoup, will catch up for sure.
We meet again Srisram!
