

## भारतीय प्रौद्योगिकी संस्थान मुंबई

## INDIAN INSTITUTE OF TECHNOLOGY BOMBAY

Date of Issue: 22-November-2017, liable to change since student has not yet graduated

Roll Number:

Academic Unit:

NOCS02 NCC/NSS/NSO

PH 108 Basics of Electricity &Magnetism

Joining Month &Year:

Aerospace Engineering

July 2014

Name of the Student:

MA 106 Linear Algebra

AE 326 Vibrations and Structural Dynamics

SPI=7.29/10

MICKY

**General Information** 

Asstt. Registrar (Academic)

The medium region in the property of the course is associated with eredits which are as indicator of the letter grade; Each course is associated with eredits which are as indicator of the letter grade is awarded to store in the past of the open or and assignments of a specific course. The letter grades have numerical equivalents on a 0-10 scale as given below.

Letter Grade	AP	AA	AB	BB \ 4BC	(C, /	DD	FF	FR	w	DX	PP	NP	AU
Numerical Equivalent	10	10	9	8 XVI	* 69/5	4	0	0	-	-	-	-	-

FF: Fail, FR: Fail and repeat, W: Withdrawn, DX: Insufficient attendance, AU: Satisfactory performance in an audit course, PP: Pass, NP: Not Pass. The minimum passing grade in a course is DD. The grade AP is awarded to students with exceptional performance in core courses of a programme. Numerical equivalents of letter grades are referred to as grade points.

The numerical grade points are not convertible into marks or percentages.

Performance Indicators: The performance of a student in a semester is given by a number called the Semester Performance Index (SPI), which is the weighted average of the earned grade points in the courses during the semester.

If a student has courses with credits  $C_1$ ,  $C_2$ ,...,  $C_n$ , with grade points of  $G_1$ ,  $G_2$ ,...,  $G_n$  respectively, then

Semester Credits = C<sub>1</sub> + C<sub>2</sub> + ... + C<sub>n</sub>. Semester Grade Points = C<sub>1</sub>G<sub>1</sub> + C<sub>2</sub>G<sub>2</sub> + ... + C<sub>n</sub>G<sub>n</sub>. SPI = Semester Grade Points ÷ Semester Credits.

Cumulative Performance Index (CPI) is the weighted average of the grade points in the courses in all semesters. The indices SPI and CPI are calculated upto two decimal places.

Courses are tagged as MA: Mandatory (Core/Elective), MI: Minor, HO: Honours, AL: Additional Learning, AU: Audit

- Each degree programme has mandatory credits consisting of core courses, elective courses, and non credit courses. These courses are tagged as MA.
- For calculation of SPI and CPI, grades obtained only in mandatory courses (MA) are considered.
- Students can supplement the learning experience by crediting additional courses. Credits earned in these courses, when appropriate, can earn additional credentials either in the form of "Honours" (H0) in the chosen discipline or "Minor" (HI) in another discipline or both.
- "Honours" is not indicative of proficiency, and can be earned by completing the additional prescribed set of advanced core and elective courses in the chosen discipline. "Minor" can be earned by completing the prescribed set of courses in a discipline other than the chosen discipline. Additional courses that are not used for earning "Honours" or "Minor" are tagged as "Additional Learning" (AL).
- The AU is awarded based on satisfactory attendance and fulfilling the minimum requirements as set by the course instructor. It carries no grade points and does not figure in SPI or CPI calculations.
- PP or NP is awarded in some credit courses that are not earmarked with a letter grade. Correspondingly, PP/NP does not carry a grade point.

The Institute does not award any class or division. Notionally, the CPI may be multiplied by a factor of 10 to obtain a numerical percentage for students graduating in the 54th Annual Convocation (2016) onwards.
